

Bespoke Marble Fireplaces & Electric Fires

2018 - 2019 Edition

Bespoke Fireplaces Ltd

The Home of Fireplaces

We look forward to creating your dream fireplace...

Here at **Bespoke** we strive for that perfect finish every time.

All of our suites are handcrafted by one of our local skilled fabricators.

We import of all our stone from across the globe which enables use to have full control over each job from the quarry to your home.

A huge part of our success is our ability to offer a very simple **Made To Measure** service.

We allow our customers to have their new fireplace specifically made to their own requirements.

Combine your new suite with one of our new **Bespoke HD+** Electric Fires to create that dream fireplace you desire.

Here are our standard sizes, however all of our fireplaces can be **MADE TO MEASURE**.
One of our approved stockists will be more than happy to advise you when designing a suite to a special size.

PLEASE NOTE

As we continually improve our products, our standard sizes can be subject to change at any one time.
Please speak to your local stockist to check on sizes. While every effort is made to meet exact measurement every time please be aware that all of our fireplaces are handmade, therefore a slight size tolerance of around 5-10mm must be given.
